

# 3-2-1 Backup Rule Certification of Compliance

VMsources Group Inc (hereinafter "Client") is protected with a Managed Backup Solution (hereinafter "Solution"), provided by VMsources Group Inc. (hereinafter "Provider") which is fully compliant with the industry-standard 3-2-1 Backup Rule (hereinafter "3-2-1 Rule"). Provider continuously manages and supervises the operation of Solution, reporting errors and/or faults to Client via ticket/email notification from: [support@vmsources.com](mailto:support@vmsources.com), <https://support.vmsources.com>.

The 3-2-1 Backup Rule states that:

- **Three copies of Client data** are retained
- Copies are stored on at least **two different types of media**
- At least **one copy offsite**

Copy	Media	Location
<b>Copy 1</b>	RA-REPO	SV4
<b>Copy 2</b>	RA-REPO	VA1
<b>Copy 3</b>	vSAN or VMFS Replica	VA1

Provider certifies that Client has been continuously protected by Solution during the period indicated below:
